Good morning all, the 20th would be good.
The 27th is the first day of our quarterly meeting with the NN.

Good morning Ken,

Yes, I saw the approval email. Thank you!

Regarding the proposed site visit, the BNSF and Arcadis team members are available on March 28 and 29, 2018. Will one of those days work for you, Vivian, and your team?

We can definitely schedule a progress update call in the upcoming week or two. Previously, we've had those calls on a Tuesday at 2 pm MST/3 pm CST, so how about next Tuesday (February 20th) or the following Tuesday (February 27th)?

Please let me know.

Regards,

Subject: Haystack Mines Site

Maher,

I just sent the Work Plan Approval Letter to BNSF. In the letter I did request that BNSF research the feasibility of using haul shafts for waste consolidation areas. I'm also waiting to hear if a date has been finalized for a Site Visit? Also, I'm curious as to when our next call is? I don't have one currently on my calendar. As always, I appreciate your work and look forward to getting started at Haystack.

Sincerely,

Kenneth B Rhame
